

2023 Mission Project

This year's PraiseWorks mission project will be a canned-food drive, which will be collected at the end of our Wednesday night worship time. This food will be distributed during our state's One Day mission campaign to be held in Monticello on Saturday, October 7. If each camper could bring at least two cans of food, we would have almost 2000 items to be used to feed the hungry and underprivileged. Please come to camp ready to participate in that special offering.
